Accession Record: ACME Corporation: A2025-0001

Accession Number: A2025-0001
Accession Date: February 1, 2025
Collection Title: ACME Corporation
Accession Method: Digital Transfer
Creator/Donor: ACME Corporation **Acquisition Type:** Gift
Material Dates: These items date from 1932-2012.
Collection Extent and Description: Collection consists of 5 main folders containing press releases, annual reports, meeting minutes, company key milestones, foundational documents, personal papers, company biographies, and business records of the ACME Corporation in Springfield, Massachusetts. Most information encompasses technology and government contracts. Total size: 5 GB.
Condition of Collection: Large gaps in information. Original documentation converted to PDF before receiving.

Restrictions on the Collection: Donor agreement restricts access to documents containing active military projects for 25 years.
Custodial History: Materials were originally housed in the attic of ACME's headquarters until 2012. Since 2012, materials have been stored in ACME Corporation's storage facility. Clara Rose (ACME) digitized the records dating 1932-2012 in October 2024 and digitally transferred them to the Archive of American Industry and Innovation in February 2025.
