AMANDA HUTCHINSON

arhutch03@yahoo.com

Target Position: Entry-level Archivist at a municipal or community archive, with responsibilities in collection processing, preservation, and public education and outreach.

Archival professional who makes community history findable and teachable. Hands-on experience processing, describing, preserving, and digitizing Civil Rights, art, and civic collections at the Savannah Municipal Archives, applying national descriptive standards and developing public-facing programs that connect historical records to contemporary audiences. Graduate training in archival theory and practice, combined with a proven record of project ownership, curriculum and program design, and cross-functional leadership gained through teaching, nonprofit service, and small-business management.

EDUCATION

Master of Science, Archival and Information Studies
Clayton State University • Expected December 2026
GPA: 4.0

Bachelor of Arts, History
Southern New Hampshire University • Summa Cum Laude

Associate of Science, Dental Assisting with Expanded Functions
Savannah Technical College

PROFESSIONAL EXPERIENCE

Archives Intern
City of Savannah Office of Municipal Archives & History • January 2026 – Present
Savannah, GA

- Processed, arranged, and cataloged five distinctive collections significant to Savannah's history, spanning art, religious, civic, and Civil Rights materials: applying DACS and archival best practices while creating finding aids and PastPerfect records to improve discoverability and long-term researcher access
- Conducted primary-source research to support exhibit curation and outreach initiatives, translating archival materials into public-facing content and contributing archival expertise to a multi-institution community history initiative.
- Designed a series of three classroom lessons (grades 3–5, Social Studies and Art) on W. W. Law’s correspondence in the archives’ NAACP collection, teaching students to use letters and postage stamps as primary sources and exploring Law’s leadership roles and the history of the mail; each lesson includes Georgia standards, discussion questions, and hands-on activities
- Authored and published a public history blog series interpreting Savannah's Civil Rights Movement, expanding community engagement with the collection.
- Led digitization efforts, including converting audio cassette recordings to digital files and digitizing 19th-century maps in PastPerfect, to preserve at-risk materials and broaden public access

Owner & Photographer
Memorable Moments Photography • 2009 – Present

- Operate an independent photography business, managing client relations, project timelines, and end-to-end production workflows across hundreds of client engagements
- Organize, tag, and preserve a large-scale digital image archive, applying consistent file-naming conventions, structured metadata, and backup protocols reflective of digital preservation principles
- Manage long-term digital storage and format migration for photographic assets, mirroring archival practices for ensuring the authenticity, integrity, and continued accessibility of digital collections over time
- Apply visual literacy and image-evaluation skills developed through professional photography to evaluate, select, and present images for display
- Cultivate client relationships and translate technical processes for non-technical audiences, strengthening outreach and public-facing communication skills applicable to donor and researcher engagement

Educator
The Hub for Students • 2022 – 2024
Guyton, GA

- Designed and delivered original curriculum in Georgia History, Roman History, World History, Geography, and Civics for grades First through Twelfth
- Planned and led experiential field trips connecting classroom instruction to historical sites and primary-source learning, mirroring archives outreach and public programming practice
- Incorporated primary-source documents and historical artifacts into lessons to build students' research skills and critical-thinking abilities
- Assessed student progress and adapted instruction to individual learning needs across multi-age classrooms.
- Communicated regularly with families on curriculum goals and student progress, building stakeholder-relations skills transferable to public-facing archival work

Home Educator
Independent • 2016 – 2024

- Developed and delivered individualized, multi-subject curricula over eight years, building strong organizational, instructional design, and record-keeping skills directly transferable to archival education and outreach work.
- Designed and maintained detailed academic records and learning portfolios, applying organizational and documentation practices consistent with archival record-keeping standards
- Cultivated student engagement with primary historical sources and independent research projects, fostering early information-literacy skills
- Independently managed a full multi-year instructional calendar, demonstrating sustained self-direction and program management

CORE COMPETENCIES

- Archival arrangement, processing, and description
- Historical object handling procedures
- Finding aid creation and collection-level cataloging
- Digitization and digital preservation workflows
- Exhibit curation and public history interpretation
- Project management and program development
- Outreach and donor engagement
- Curriculum design and educational programming
- Archival policy development, including records management and strategic planning

CERTIFICATIONS & TRAINING

- DACS (Describing Archives: A Content Standard) Training Certificate, Society of American Archivists, January 2026
- Preservica Academy Certification, August 2025
