Version 1.0 | 2026-10-22 | Current

Evidence Map

This page lists all seventeen scoring criteria, one row each, and says where a reader can find the evidence. "Reflective Analysis" means my Reflective Analysis document. Note: Reflective Analysis will be updated November 2026

Number	Criterion	Where to find the evidence
1.1	Archival principles in practice	Mike Williams finding aid, Southall Brown finding aid; Reflective Analysis
1.2	Distinction from allied professions	Reflective Analysis
2.1	Analysis of recordkeeping systems	PastPerfect analysis
2.2	Born-digital and hybrid material	Accession Record, Audiocassette Digitization Guide, Preservation and Export Log
3.1	Appraisal and selection	Planning Notes, Part A
3.2	Arrangement and description	This repo map, the version-naming rules on that page, and a README in every folder
3.3	Reference and access	"Start here" section of the main README
3.4	Preservation and protection	Preservation and Export Log
3.5	Outreach	Main README, resume positioning statement
3.6	Management of archival programs	Planning Notes, Part B, Build Log
4.1	Records in social context	Reflective Analysis
4.2	Representation and silence	Reflective Analysis
5.1	Application of the professional ethical framework	Ethics and Permissions, Part 1
5.2	Legal and permissions practice	Ethics and Permissions, Part 2
6.1	Platform and information architecture	Preservation and Export Log, "Why GitHub", link checks in the Build Log
6.2	Accessibility conformance	Accessibility Remediation Log
6.3	Preservation and sustainability	Preservation and Export Log
