Version 1.1 | 2026-11-06 | Current

Evidence Map

This page lists the seventeen scoring criteria, one row each, and says where a reader can find the evidence.

Number	Criterion	Where to find the evidence
1.1	Archival principles in practice	Mike Williams finding aid, Southall Brown finding aid; Archival Practice in Context, Part 1; origin lines on each with-guidance artifact page
1.2	Distinction from allied professions	Archival Practice in Context, Part 2; Patron Relations presentation, slide 4
2.1	Analysis of recordkeeping systems	Archival Practice in Context
2.2	Born-digital and hybrid material	Accession Record, Audiocassette Digitization Guide, Preservation and Export Log
3.1	Appraisal and selection	Selection Criteria, Part A
3.2	Arrangement and description	Finding aid (00-finding-aid), which names every artifact under its competency; version-naming rules on that page; a README in every folder; Mike Williams and Southall Brown finding aids
3.3	Reference and access	"Start here" section of the main README
3.4	Preservation and protection	Preservation and Export Log, sections 3 and 4
3.5	Outreach	Main README, resume positioning statement
3.6	Management of archival programs	Selection Criteria, Part B; Build Log
4.1	Records in social context	Archival Practice in Context, Part 3; Selection Criteria, Absences and underrepresented voices
4.2	Representation and silence	Selection Criteria, Absences and underrepresented voices (top of document); main README, Underrepresented voices
5.1	Application of the professional ethical framework	Ethics and Permissions, Part 1
5.2	Legal and permissions practice	Ethics and Permissions, Part 2

6.1	Platform and information architecture	Preservation and Export Log, "Why GitHub", link checks in the Build Log
6.2	Accessibility conformance	Accessibility Remediation Log (v 1.1)
6.3	Preservation and sustainability	Preservation and Export Log, sections 3 to 6
